

Locality Plan Review Session

People Theme (set two)

Review progress towards short- term outcomes

Short term outcome	What your organisation has done on own to achieve	What your organisation has done with one or more partners to achieve
1. More people see the value in getting involved in their community in a range of different ways	<p>Promoting wide range of internal & external services</p> <p>The Place @ St Matthews. Asset based approach to reintegration of ex offenders (& reduction of reoffending)</p> <p>Increasing number of people signing up for plots, more people using gardens (seen as local asset now), local people look out for garden</p> <p>Glasgow Clyde College – will respond to partnership request for direct delivery of leaving following consultation</p> <p>The Grove - Making more of our activities 'asset based' and so encouraging people who use our service to be more active themselves in running and helping deliver activities</p> <p>Link up providing opportunity to get involved in community social activities</p> <p>St Matthews Centre & DAL Cal promoting volunteering opportunities in several groups including most vulnerable</p> <p>Providing confidence building activities</p> <p>Promote the benefit of becoming involved in TP</p>	<p>N&S – neighbourhood improvement officers work with community to give pride in area (community clean up/volunteering)</p> <p>Getting people involved in local QC decision making opportunities is still a challenge. Can partners spread the work about community involvement group?</p> <p>Point (TP) – Community groups – ypf, summer camps, NG, St Matthews, Ruchill Golf Pavilion area. Consult with.</p> <p>NG HLC – volunteer taster programme</p> <p>Links with concrete garden, faith in throughcare, St Matthews Church & others</p> <p>Support faith in throughcare – support to help people engage in communities on release from prison</p>

	<p>structures to break down barriers with regard to local issues</p> <p>Offering volunteering opportunities to encourage community involvement</p> <p>Possilpark People's Trust – recruit members through engaging Possilpark/wider residents</p> <p>NG HLC – More people signed up to programmes AXIS from Ruchill</p>	
2. Residents are participating in and influencing different forums/structures and organisations	<p>Glasgow LIFE – work with Glasgow Youth Council and members of SCOTTISH Youth Parliament – establishing local connection</p> <p>Building new links to established groups and new forums within Ruchill & Possilpark</p> <p>NG HLC – Getting people involved in community meeting that's important to them</p> <p>Ruchill & Possilpark Spirit panel / c's panel</p> <p>Concrete garden – local people involved in garden working group – design and rebuild of their space – qualified in dermaculture design certificate, back garden playground, children's committee set up – children have voice and agency to develop own outdoor play strategy- they want a new – bigger wilder playground</p> <p>Clay Church – encouraging & supporting local people to be part of local forums e.g. claypits committee, parent</p>	<p>Council & local groups are carrying out consultation with local people to try and have their opinions inform choice</p> <p>Supporting local people to break down barriers to specific local issues & to encourage them to continue their participation</p> <p>People feel left out of decision making processes, very few local people at this meeting today</p> <p>NG HLC – working with jobs & business Glasgow providing digital skills, CV building etc for volunteers</p>

	<p>councils, poverty truth commission</p> <p>Supporting local people to become members of local forums/trusts</p> <p>Citywide – trying to embed CLD in locality planning, focus on community & organisational capacity building, governance review of GCPP structures (link between TP & Area partnerships)</p> <p>Ruchill Golf Community consultation – link up with community connector</p>	
<p>3. More people have digital knowledge, skills and access in Ruchill and Possilpark</p>	<p>Glasgow LIFE – full digital offer in library – codeworker, free pc access, 2 x community IT classes, developing coding courses (1 year plan)</p> <p>YPF – Provide a learning provision at possilpoint. Job club, ESOL, computing classes, 1:1 support</p> <p>Glasgow Clyde College – creation of a certificate in IT focused at community level</p> <p>SDS – outreach in NG Homes offering careers guidance & employability (every Tuesday)</p> <p>Support/encourage local people to access IT facilities (job club/library)</p> <p>Citywide (GCPP) – digital strategy & launching online Community budgeting platform, community budgeting pilots at ward level, citizens panels, different forums/structures, governance review</p>	<p>QCHA & Glasgow Kelvin College – renewed computer suite at the courtyard, QC run digital sessions & open access</p> <p>GCC & NG Homes are hiring an intern to run a social media group to inform the consultation process for the Cowlares masterplan</p> <p>NGHLC – possible through cooking e.g. making a cookbook, involve schools or other IT providers (changing programme)</p> <p>Volunteering support for social media volunteers for TP promotion & providing social media content</p>

<p>4. Up-to-date accessible information is available on community life and services in a range of formats for the local community</p>	<p>Glasgow LIFE – Community notice board in the library, available for community stands/displays, website update</p> <p>Streetwork team, signpost young people to services to reduce ASB</p> <p>Co located services in Possilpark library</p> <p>YPF – facebook / twitter</p> <p>SPS – Information available on our websites myworldofwork.co.uk</p> <p>SFRS – Information available online within local communities in leaflet form</p> <p>NG HLC – accessible information on Axis facebook and NG HLC twitter accounts</p>	<p>Newsletters, websites, social media, promotion & information is constant/continuous challenge</p> <p>SPS - Marketing materials on our services are available in directories. Attend the networking breakfasts.</p> <p>Links to digital knowledge, TP communications sub group for coordinating, communicating activities and information to residents</p> <p>Supported local planning day to promote services/organisations in the area</p> <p>YPF – partnerships with Kelvin College, Rosemount family learning centre, retired school teachers</p> <p>Partnerships with a wide range of partners</p>
<p>5. Community based responses to safety, crime and anti-social behaviour are being perused in Ruchill and Possilpark</p>	<p>Concrete garden – introduced a play session on a Friday evening and Saturday sessions in response to children jumping the fence wanting to play</p> <p>CSG / N&S – support communities affected by anti social behaviour</p> <p>SFRS – crews have been trained in recognition of sexual exploitation and human trafficking</p> <p>Neighbourhoods & sustainability - neighbourhood and place team engaging with communities to respond to all ASB and safety issues</p>	<p>N&S – working in partnership to give community reassurance</p> <p>Ruchill Youth Street workers – Glasgow LIFE did walk past the back garden in response to children jumping fence in the evening</p> <p>YPF – called a multi agency meeting re ASB in Possilpark. Over 20 organisations attended, regrouping in May to take thinks forward.</p> <p>CSG / N&S – works closely in partnership with police, SFRS, housing, youth organisations, vol organisations to support community</p>

	Link Up – providing opportunities for those at risk of offending to get involved in community activities	
6. People feel safer in their neighbourhood	<p>NUC – Ruchill Youth – Work provision keeping young people safe, creating perception of safer communities</p> <p>Enforcement and other resources to tackle: environmental incivility, anti social behaviours, dog fouling, litter, vandalism and graffiti</p> <p>CSG – deploy resources working in partnership with police, SFRS, housing & local community</p> <p>Community payback, clean up areas</p> <p>YPF – provide a safe nurturing weekly programme of activity for children/young people aged 5 – 18 years. As well as youth – we provide an adult programme of activity volunteer programme</p> <p>Glasgow LIFE – streetwork investment, engaging young people and signposting to services</p> <p>St Matthews – provide a safe and welcoming place for community members to explore different interests</p> <p>Work to be done with prison services – men discharged from prison walking group</p>	<p>Neighbourhood & sustainability working in partnership with Ps and all orgs to improve environmental and community safety issues</p> <p>GCC DRS (Planning division) – consider whether development proposals achieve ‘safety by design’ in their content/layout</p> <p>Provide safe and supportive environment</p> <p>St Matthews - Provide a safe and welcoming place for community members to explore different things</p> <p>SFRS – through partnership referrals crews carry out home fire safety visits and where required will refer to other agencies</p> <p>Concrete Garden - Parents tell us they feel their kids have a safe space to play</p>

Moving toward medium term outcomes (Areas for action, ideas for further collaboration & timescale for planned and new actions)

Areas for action	Ideas for collaboration	Timescale for action
Spirit of Ruchill / Possilpark panel Committed time / local voice How to develop / share learning?	Locality plan shows value in highlighting what all the organisations bring in to the social economy (People & Organisations)	For future meetings: 23 rd May 1 hour: Business 1 hour: Share information, ideas, and skills. What are the benefits
Community budgeting projects	Find 'space/time' to develop capacity building. How do we best develop networks, groups and forums?	Short term goals achievable by the summer
Up to date accessible information	Offer more social media training – How can the communications group develop a social media campaign?	Increasing 'out of work' access for community based activities (within 6 – 12 months)
Hamilton Hill residents	Provide admin support to groups of local people to assist in developing actions	Community directory for Possilpark/Ruchill is the same format for Cadder/Milton (3-6 months)
Parks / public space – example of inclusiveness / democracy	'Shop' space	Possilpark People's Trust involved in the design of the community facility (2020 completion) All outcomes being achieved through this process
Stronger partnership – staff with people	Need more connections with those involved in projects – thematic groups can only go so far	Information/consultation stall at Canal ward – encourage people to get involved
How do we invest in our anchor organisations i.e. NUC / YPF	If we work too much with housing associations – we miss out on those who own their property or have a private landlord	6 months onwards – Share peoples stories from the community. Break down stigma and create more opportunities to connect to each other
Consortium partnerships – look at themes	Look at examples of best practice where local people have been involved to shape change. Finding the space to develop real	More grass roots activities. People create their own activities.

	capacity building i.e. spirit panel / Possilpark people's trust	
Those living here also work here	Possilpark People's Trust should be the vehicle for ongoing regeneration	What's the added value to what everyone is doing already? How can the thematic groups provide a 'creative space' for people to share information, develop ideas?
Need to change the language of how we describe 'our' areas. Social media campaign		Funding streams tell us we need these activities. Why don't we do it the other way round?
Define neighbourhood (Ruchill – Possilpark) 2 distinct communities with different neighbourhood within it.		
It's harder to engage those in Ruchill. It may be because we lump the two together		
Build stronger networks/partnerships / conversations. Link in with canal structures Lambill Cadder Milton With Ruchill & Possilpark If we discount the areas of Lambill etc then we are doing a disservice to those living there.		
Building on strength and connectedness. How do we share skills, information and knowledge
