<p><u>Project Title</u> SMPC Essential Building Refurbishment & Roofing Repairs</p> <p><u>Project Description</u> SMPC has been based in the former Cleansing Department at Kelvindale owned by Glasgow City Council since October 1989. After 30 years parts of the building are beginning to show extreme signs of age; interior and exterior dilapidation. This is inappropriate for a building regularly patronised by the public on a year-round basis. SMPC wish to present the appearance of the Centre in a much better light for the Ward and the City. This is all the more important given the role of social media, Google Maps and the internet. It will help to continue to increase our footfall and fulfill charitable and community aims, both in the present and through future building development plans (currently with GCC Planning). N.B. The building is under GCC City Property and is under a 99 year Lease. However, any maintenance work needs to be undertaken by the Lease holder – it is not the responsibility of the City Property.</p>			<p>to the Coronavirus (COVID-19) Outbreak/ Social Distancing;</p> <p>2.
